- 3.2.D. If, through the course of investigation, the Governance Committee finds that the impeachment proceedings are dependent on pending legal matters, the situation shall be reported to the Assembly. The Assembly, by a majority vote of its total present and voting membership, shall then decide whether or not to continue the impeachment proceedings.
- 3.2.E. If, through the course of investigation, the impeached party shall decide to resign, the resignation must be submitted to the Governance Committee. Upon receiving the resignation, the committee may decide one of the followings:

- IV. - IX. Any legislation voted on by the Assembly under Expedited Review must be limited in scope to the fee adjustment proposal requesting Expedited Review and shall not include any additional legislative items or provisions
- 7.2.B.4. In order for the fee adjustment to pass, it must be approved by a minimum two-thirds majority of all present and voting members of the Assembly.
- 7.2.B.5. In the event the Assembly recommends the fee adjustment, the Vice President of Financial Affairs and Student Fee Matters shall forward the proposal to the CRSF.

7.3 The Graduate Student Government Budget

7.3.A. The GSG Operating Budget

- 7.3.A.1. Each Spring semester, the Vice President for Financial Affairs and Student Fee Matters, in consultation with the Executive Committee, shall prepare an operating budget for the following fiscal year. - 7.3.B.1. The Vice President for Financial Affairs and Student Fee Matters shall submit the completed budget to the Rules Committee. The committee shall report the budget to the Assembly, attached to an act calling for its adoption, which shall be sponsored by the Vice President for Financial Affairs and Student Fee Matters. The act shall be immediately placed on the agenda of the next meeting of the Assembly.

7.3.B.2. The Assembly shall have the right to amend the proposed budget by revising individual line items, though the total amount of the allocation must remain the same as originally proposed.

- I. The dollar amount of individual line items may be increased or decreased and lines may be deleted from or added to the budget.
- II. Amendments that affect a single line item change or a group of related or separate changes may be proposed, but in the latter case, any motion to divide the question and call for a single vote on each proposed change shall be automatically approved without being subject to a vote.
- III. All amendments shall be considered in accordance with the standing rules of the Assembly.

7.3.B.3. Once all amendments have been resolved, the Assembly shall vote on whether to approve the budget as a whole. Approval of the budget requires a simple majority vote.

7.3.C. Revision

7.3.C.1. At such times as it may be deemed necessary, the Vice President for Financial Affairs and Student Fee Matters, in consultation with the President and the Budget and Finance Committee, may revise the budget to account for unplanned expenditures, shifting priorities, or unforeseen changes in the amount of money available to the GSG, subject to the provisions below.

7.3.C.2. Changes to the budget shall constitute a revision requiring Assembly approval if such changes:

- I. Call for the introduction or deletion of any line items not in the primary budget as last approved or revised by the Assembly or for the transfer of funds from one category within the budget to another (except in such cases as dealt with in Article 7.3.C.5).
- II. Involve a change in the total amount of the operating budget as last approved or revised by the Assembly.

7.3.C.3. Any such revision shall be subject to approval by a majority vote of the Assembly and shall follow the procedures outlined in Article 7.3.B.

7.3.C.4. Changes which call for the transfer of funds between line items within the same category of the budget shall not constitute a revision and may be approved automatically by the Vice President for Financial Affairs and Student Fee Matters, in consultation with the President and Budget and Finance Committee.

7.3.C.5. If there are unspent funds remaining in any line item of the budget following the last regularly scheduled Assembly meeting of a session, the Vice President for Financial Affairs and Student Fee Matters, in consultation with the President and Budget and Finance Committee, may move funds between budget lines or categories, subject to the following stipulations:

- I. Any transfers, along with their rationale, must be communicated to the Assembly via email, and must be summarized in the final report of the Vice President for Financial Affairs and Student Fee Matters.
- II. Transfers may only be made into existing line items in the operating budget.
- III. Transfers may not be made to increase hourly wages.

7.3.D. Additional Restrictions on Expenditures

7.3.D.1. The budget shall not allocate funds for the purchase of bottled water less than one gallon, except as provided for under the conditions described below:

- I. The purchase is for an event funded through the EFR process; and
- II. The GSG or the planners of the event can demonstrate to the Budget and Finance Committee that there are no sustainable alternatives to bottled water, or that those alternatives present an undue financial or logistical burden; and
- III. The Budget and Finance Committee (BFC) approves of the exception.

7.3.E. Spend Down

7.3.E.1. “Spend Down” is defined as monies leftover in the GSG Budget at the end of Spring Semester before the end of the fiscal year (July 1), that cannot be utilized under GSG Spending Bylaws in any budgetary capacity.

7.3.E.2. With the presentation of the Annual GSG Budget for the subsequent fiscal year in the May Assembly meeting, either the GSG President or Vice President of Financial Affairs and Student Fee Matters, will bring the projected spend down amount forward to the GSG Assembly for discussion for the allocation of its funds. Under circumstances where neither the GSG President nor the Vice President of Financial Affairs and Student Fee Matters can present the projected spend down amount, the Chair of the Budget and Finance Committee may do so.

7.3.E.3. The Assembly will generate a finalized list of potential allocations by the conclusion of the May General Assembly meeting, to be narrowed down by the Executive Committee. The options will be brought forth for a vote during the May General Assembly meeting whereby a majority vote will determine the allocation of the Spend Down funds.

7.3.E.4. The decision to allocate the Spend Down funds to the majority-voted option may be debated upon the Assembly floor if the assembly determines that further discussion is warranted.

7.3.E.5. Potential allocations of funds may be brought forth earlier than the May General Assembly Meeting to be considered for voting during the May General Assembly Meeting.

7.3.E.6. If in the event that it is to be predicted that quorum may not be reached in the May GSG General Assembly meeting to vote upon the Spend Down allocations,

the assembly may vote during the April General Assembly Meeting to decide upon the allocation of the Spend Down monies.

- 7.3.E.7. If quorum is not met in the May General Assembly meeting for which the voting of the Spend Down allocation is to occur, then the decision to allocate the Spend Down Funds will be decided upon by the Executive Committee.

7.4 Executive Compensation

- 7.4.A. The GSG shall provide the President and Director of Operations with full graduate assistantships to be awarded on a twelve month basis. The terms of the assistantships shall begin July 1 and run concurrently with the terms of office and the fiscal year.
- 7.4.B. The GSG shall provide the Vice President of Financial Affairs and Student Fee Matters with a half graduate assistantship to be awarded on a twelve month basis. The term of the assistantship shall begin July 1 and run concurrently with the terms of office and the fiscal year.
- 7.4.C. The GSG shall provide the Vice President of Legislative Affairs and Speaker of the Assembly with a half graduate assistantship to be awarded on a 9.5 month basis. The term of this assistantship shall begin in Pay Period 4 and run through the last day of Pay Period 25, as defined by the University's Human Resources Department.
- 7.4.D. Stipend levels for all assistantships will be set at the rate established by Stamp Student Union and Office of Campus Programs.
- 7.4.E. The stipends associated with the assistantships of the President and two Vice Presidents may only be withheld in conjunction with the resignation or removal from office by impeachment.

7.5 Procedures for Funding Events

- 7.5.A. Proposals for graduate student event funding may be made by:
- 7.5.A.1. Any graduate student organization (GSO) registered with the Office of Campus Programs in accordance with the Graduate Student Organizations registration guidelines. Eligible GSOs must have graduate students as their principal officers, and must have a minimum of fifty-percent of their student members be registered graduate students.
 - 7.5.A.2. Any student currently enrolled in a graduate degree granting program.
 - 7.5.A.3. Any University office or department, as long as the proposed event will benefit graduate students.
- 7.5.B. Funding shall not be allocated to events that meet the following criteria:
- 7.5.B.1. An event that denies participation or attendance to any currently enrolled graduate student. Participation and attendance must be open to all graduate students. When limits on the number of participants are necessary, the GSO or

graduate student applying for funding (hereafter “planning entity”) must clearly state the maximum number of participants and the reason behind any restrictions, which must comply with the restrictions set forth in Article 7.1.C.

- 7.5.B.2. An event that is more than one mile of walking distance away from Stamp Student Union or is on university owned or operated properties.
- 7.5.B.3. An event that is engaged in activities that result in personal financial gain for individual members of the planning entity (not precluding the payment of wages or honoraria pursuant to a supervised contract for services).
- 7.5.B.4. An event at which graduate students are not expected to constitute a majority of the attendees/participants, unless the event is intended to provide opportunities for developing student leadership and civic engagement skills or support student-run learning experiences outside of the formal classroom.

7.5.C. Funding Limits

- 7.5.C.1. Each EFR will normally be limited to five-percent of the total amount of money allocated to the funding of EFRs by the GSG operating budget.
- 7.5.C.2. A GSO or department may submit an EFR that requests more than five-percent of the EFR budget, though such requests must be formally presented to the Assembly for approval.
- 7.5.C.3. No EFR submitted by an individual graduate student may be approved for more than five-percent by either the BFC or the Assembly.
- 7.5.C.4. EFR events may only be funded from the budget of the fiscal year in which they occur.
- 7.5.C.5. No BFC may approve funding for an event that takes place in a subsequent fiscal year.

7.5.D. Procedures for Considering Event Funding Requests

- 7.5.D.1. In order to be eligible for funding, each planning entity requesting funds from the GSG must submit an EFR at least three weeks before the date of the event. Under extraordinary circumstances, the BFC may consider EFRs submitted after this deadline at its discretion. The GSG shall accept only one EFR per event. In the case that a revision is necessary, the BFC shall consider revised budgets provided the following:
 - I. The reason for and necessity of the change is fully explained in the revision.
 - II. The revision is submitted sufficiently in advance of the event for the BFC to consider it.
- 7.5.D.2. Each EFR should include but need not be limited to:
 - I. In the case of proposals by GSOs, the group’s vision, mission, and goals.
 - II. In the case of proposals by individuals, a list of individuals involved in planning the event.

- III. A description of the event that includes its priorities or goals.
- IV. A marketing plan.
- V. A listing of any fees that will be charged for attendance at the event.
- VI. Whether or not the event is being co-sponsored by another organization. If so, the EFR should include the estimated or committed amount of that group's contribution.
- VII. The date, time, and location of the event.
- VIII. An assessment of who will most likely attend the event, the total number of attendees expected, and past attendance numbers, if applicable.
- IX. A line item budget including a detailed description of each expenditure.

7.5.D.3. All EFRs must be submitted through the online EFR system.

7.5.D.4. If the planning entity has other sources of funding, those amounts and any requirements for such funding must be disclosed, and contact numbers for any other funding entities must be included with the EFR. The BFC reserves the right to verify the accuracy of the information provided, and reevaluate funding decisions if new information becomes available. If the planning entity has access to significant funding from sources outside the GSG, the BFC or the Assembly should set GSG funding levels accordingly.

7.5.D.5. Given the Assembly is in recess during the months of June and July, no EFRs for more than five-percent of the yearly EFR budget may be funded during that period. EFRs for events taking place in August that request more than five-percent may only be funded if there is adequate time for the Assembly to consider the EFR before the event takes place, according to the timelines established in Article 7.5.G.

7.5.E. Additional restrictions on EFR expenditures:

7.5.E.1. Advertising

Any newspaper, poster, flyer, handbill, or other form of advertising for an event which has received funds from the GSG and is to be displayed on campus must have the following clause printed on it: "This event/program/function is funded in part by your Graduate Student Activities Fee and is open to the entire graduate student community."

7.5.E.2. Funding Cap

The total funding a student organization can receive through the EFR process is capped at 10 percent of the total amount allocated to EFR in one fiscal year.

7.5.E.3. The GSG will not fund the following:

- I. Capital expenditures
- II. The purchase of alcoholic beverages, drugs, or other illegal substances
- III. Salaries
- IV. Direct payments to philanthropic organizations or charities
- V. Clothing
- VI. National and Regional Dues/Fees/Registrations

- VII. Gifts, Awards, Plaques, Certificates, or Trophies
- VIII. Decorations
- IX. The purchase of bottled water less than one gallon, except as provided for under the conditions described in 7.3.D.1.

7.5.F. Procedures for the Review of Funding Requests under Five-Percent

- 7.5.F.1. The BFC will review all requests for funding that are under five-percent of the yearly EFR budget and decide what level of funding to award each request.
- 7.5.F.2. All eligible GSOs, departments, or graduate students will be given the opportunity to present their funding requests in writing and, should they desire, in a formal presentation to the BFC. The planning entity may request such a presentation, or the BFC may ask the entity for a presentation (lasting no more than fifteen minutes) when the committee finds it necessary to facilitate the allocation decision process.
- 7.5.F.3. The BFC will provide the planning entity with a decision within seven calendar days of the original submission of the EFR.
- 7.5.F.4. Any urgent requests for monies in a time frame less than the required one month must be approved for consideration by the Vice President for Financial Affairs and Student Fee Matters before coming before the BFC.

7.5.G. Procedures for the Review of Funding Requests over Five-Percent

- 7.5.G.1. Providing that there are EFR funds still exceeding five-percent of the yearly EFR budget available, requests for funds exceeding five-percent of the yearly EFR budget must be presented to the Assembly for approval. Since the Assembly meets once each month during the session, requests for more than five-percent of the EFR budget must be submitted at least six weeks prior to the event date to allow for a presentation to be scheduled. The BFC may provisionally approve such an EFR for a lesser amount (not to exceed five-percent of the yearly EFR budget); should the planning entity decide before the date of its presentation to the Assembly to lower the request to the amount provisionally approved by the BFC, the entity may forego an appearance before the Assembly and be approved through the normal EFR process.
- 7.5.G.2. The BFC shall submit to the Assembly its funding recommendations in the form of a report which shall be treated as a main motion on the agenda of the Assembly meeting in question.
- 7.5.G.3. After the presentation of the report, the planning entity must make its presentation no longer than five minutes and answer such questions as the Assembly may have.
- 7.5.G.4. When the EFR comes before the Assembly for consideration, the Vice President for Financial Affairs and Student Fee Matters or another member of the BFC shall present the committee report to the Assembly and explain its recommendations.

- 7.5.G.5. Upon the conclusion of the planning entity's presentation, the Assembly shall immediately move to consideration of the question on whether to accept the committee's recommendations. The Assembly shall debate the recommendations of the committee report according to its standard procedures, and amendments to them shall be in order.
- 7.5.G.6. Once the time allotted for debate has elapsed and all amendments have been considered, the Assembly shall vote on the committee's recommendations (as amended, if applicable).
- 7.5.G.7. Once the total allotted amount has been decided upon, the planning entity will be immediately informed of the Assembly's decision by the Presiding Officer of the Assembly.
- 7.5.G.8. The BFC will have five days to specify which line items the money should be allocated toward, and to inform the planning entity of their decision.

7.5.H. EFR Appeal Process

When funds are denied for an event, the planning entity may appeal the decision. The process is as follows:

7.5.H.1. Appeal process to the BFC

- I. Any appeal must be filed within forty-eight hours of the announcement of the funding decision. The appeal must be submitted by email, and should clearly state the grounds for the appeal.
- II. The appeal should be carefully reasoned, detailing why the planning entity thinks that the decision is unfair or unfounded. Including possible changes to the event and EFR that might satisfy the BFC's concerns is welcome and encouraged.
- III. The BFC will consider the appeal, make its decision, and notify the planning entity within forty-eight hours of its receipt of the appeal.
- IV. In the event of a denial of the appeal, the organizers may appeal to the Assembly as described below.

7.5.H.2. Appeal process to the Assembly

- I. Any appeal must be filed at least forty-eight hours prior to the Assembly meeting at which the appeal is to be presented. Because meetings are only held once a month during each session, planning entities should consider this when submitting their EFR.
- II. The appeal should be carefully reasoned, detailing why the planning entity thinks that the decision is unfair or unfounded.
- III. Once added to the Assembly meeting agenda, the planning entity will have four minutes to present its appeal and five minutes to answer the Assembly's questions.
- IV. The Assembly shall then review the appeal and vote on whether to uphold the BFC's ruling. The Assembly's decision shall be final, and not subject to appeal.

7.5.I. Letter/Email of Award

When funds are approved for an event, the BFC will issue a letter/email of award to the planning entity. This letter of award will constitute the GSG's official commitment to fund the event, and it should be accompanied by the approved budget when presented to other campus units for disbursement of funds.

7.5.J. Post Event Report

After the completion of any event that has received EFR funding, the planning entity must submit a short description of the event sign-up sheet, advertising materials mentioning the funding support from GSG, and photographs, to the GSG within two weeks of the event. This information may be posted to the GSG website. By the end of second week, the Vice President for Financial Affairs and Student Fee Matters will send an email reminder to the student organization if they have not submitted the post event report. Failure to submit this report within four weeks of the event will result in automatic sanctions that make the planning entity ineligible for funding for a full calendar year.

7.5.K. Sanctions

7.5.K.1. If a planning entity does not submit a post event report within two weeks of its EFR event, the Vice President for Financial Affairs and Student Fee Matters shall send an email to the planning entity reminding it of the required report and that failure to submit a report within four weeks of the event will result in sanctions. If a report is not submitted, the Vice President for Financial Affairs and Student Fee Matters shall email the planning entity with the following information:

- I. An announcement of the start of the sanction period
- II. The date on which the sanction will expire,
- III. An explanation of the appeal procedures outlined in Article 7.5.K.2.

7.5.K.2. Appeals to these sanctions may be submitted to the Assembly for consideration at any time prior to the expiration of the period of ineligibility. Any such appeal shall be considered using the following procedures:

- I. The appeal must be filed with the Vice President for Legislative Affairs and Speaker of the Assembly at least three weeks prior to the Assembly meeting at which the planning entity wishes to present its appeal. After verifying with the Vice President for Financial Affairs and Student Fee Matters that the group has been sanctioned, the Vice President for Legislative Affairs and Speaker of the Assembly shall schedule the appeal at an appropriate place in the agenda of the next Assembly meeting.
- II. At the meeting at which they are to present, the sanctioned planning entity will have four minutes to present its appeal and five minutes to answer the Assembly's questions. The appeal should be carefully reasoned, detailing why the planning entity thinks that the decision is unfair or unfounded, or explaining why an exception to the GSG's policies should be made.

- III. The Vice President for Financial Affairs and Student Fee Matters, or their designee, should present the background for the BFC's decision.
- IV. The Assembly shall then review the appeal and vote on whether to lift the sanctions. The Assembly's decision shall be final, and not subject to appeal.

7.5.L. EFR Conflict of Interest Transparency

When an Event Funding Request (EFR) is submitted the applicant Graduate Student Organization (GSO) must list all GSG members that are also members of their GSO. This is inclusive of program representatives and members of the Budget and Finance Committee (BFC). GSG members that are members of the applicant GSO as defined by the organization's bylaws and/or constitution, will not be allowed to vote on any funding decisions within the BFC (if they are committee members) or Assembly meetings. These GSG members must identify themselves before discussion begins at Assembly meetings and excuse themselves from closed discussion and voting at Assembly meetings for funding requests exceeding 5% of the EFR budget, as detailed in 7.5.G.1. Failure of the GSO to identify GSG representative members may result in sanctions as detailed in 7.5.K

- 7.5.M. BFC committee members that fail to identify themselves as concurrent members of the applicant GSO will be (1) removed from the BFC for the remainder of their tenure as a graduate student and (2) will not be allowed to vote on funding decisions for the remainder of their tenure as GSG representatives. GSG representatives that fail to identify themselves during Assembly meeting discussions detailed in 7.5.G.1 will not be allowed to vote on funding decisions for the remainder of their tenure as GSG representatives. GSG members who are also members of the applicant GSO as defined above, cannot represent the GSO for funding requests that require approval before the General Assembly or the BFC.

7.5.N. BFC Best Practices

The Budget and Finance Committee (BFC) will maintain a Best Practices document to be freely available to Graduate Student Organizations (GSOs) submitting Event Funding Requests (EFRs). These Best Practices will be guidelines for the operation of the BFC in reviewing and awarding EFRs and shall provide guidance to GSOs to aid the completion of successful applications. The Best Practices will be eligible for review and discussion within the BFC and should be regularly updated by the Vice President for Financial Affairs and Student Fee Matters and the committee members according to the changing needs of the Graduate Student Government (GSG).
